This publication tells the Leafs' complete history and introduces fans to coaches, as well as such legends as: Apps and Armstrong, Kennedy and Keon, Broda and Bower, Salming and Sundin, but also players who wore the Blue and White and left far more modest legacies. It takes fans to Toronto's first game, the construction of Maple Leaf Gardens and subsequent move to the Air Canada Centre. Heroics George Alec Effinger 2014-04-01 A coming-of-old-age novel from the Hugo Award-winning author of When Gravity Falls. “Engaging . . . spry, inventive, and often quite funny” (Kirkus Reviews). In HEROICS, Irene--like everyone in the future--struggles with boredom. Food, clothing, and all the necessities of human life have been taken care of. But, what does that leave of life itself? At eighty-two, Irene sets out on a pilgrimage across America hoping to find the answer. Along the way, she becomes transformed, both physically and by her interactions with other civilians all trying to cope with this new world. Filled with wry humor and fantastic symbolism, HEROICS mixes adventure and philosophy in a way both engrossing and entertaining. Of this book, friend and fellow writer Harlan Ellsion said, “It is the best Effinger yet...and for those of us who have been watching with amazement that is about as rich a compliment as you can expect from other envious authors. Damn him, he’s good!” George Alec Effinger was a true master of satirical Science Fiction. Before his death in 2002, Effinger was a prolific novelist and short story writer, earning acclaim from his fans and peers, including a Nebula Award nomination for his first book WHAT ENTROPHY MEANS TO ME. In HEROICS, he revisits some of the themes and characters of that first book for startling, funny and poignant results.

The Orc of Many Answers Shane Michael Murray 2015-01-25 Down the mountain, one orc who asks too many questions tumbles, fleeing his past, with only an elven horse, a pair of boots, and an old book for company. Below the whole world awaits him, filled with humans, elves, trolls, and a thousand other monsters that make a habit of killing little orcs like Talking-Wind. Worse than any of them is the Lady of Firebrand Peak, the dragon who told Talking-Wind to stay put and wait to be eaten like a good orc. Orcs hate questions, but the one thing they hate more than orcs that ask too many questions is an orc looking for all the answers. The pursuit of dangerous knowledge only ever leads to trouble for the tribe. The Lady is not kind, nor is she forgiving. If Talking-Wind wishes to have any kind of chance to survive he will have to understand why dragons are what they are, and what makes dragons do what dragons do. If he can stay one step ahead of the Lady of Firebrand Peak maybe, just maybe, he might even find a way to fight back. Talking-Wind will need answers. And a lot of them.

Tree By Leaf Cynthia Voigt 2008-06-19 It's not fair that Clothilde's father has returned from World War I so disfigured that he retreats to the boathouse as a recluse. It's not fair that her brother has abandoned the family to live with his rich grandfather in Boston. It's not fair that her mother has reverted to the role of a lady, leaving Clothilde to do all the housework. And it's certainly not fair that the Maine peninsula that Clothilde inherited from a great-aunt may have to be sold to support the family. Then a mysterious Voice speaks to Clothilde, giving her the chance to change the life fate has dealt her and the people she loves. But Clothilde's wishes come true in unexpected, frightening ways -- and at a price she isn't sure she has the courage to pay.

[Drawn In](#) Julia Rothman 2011-06-01 This book shares large full-color images and profiles each of the high-profile, amazingly talented artists that discuss their sketchbooks and how they use them. People are fascinated by artist's sketchbooks. They offer a glimpse into private pages where artists brainstorm, doodle, develop and work on ideas, and keep track of their musings. Artists use these journals to document their daily lives, produce their initial ideas for bigger projects, and practice their skills. Using a variety of media from paint to pencil to collage, these pages can become works of art themselves. They often feel fresh and alive because they are first thoughts and often not reworked. These pages capture the artist's personalities along with glimpses of their process of working and inspirations.

When a member of Wendy and Amie's tour group suddenly dies, the two friends learn that when you always expect the unexpected, you will never be disappointed. [The Noble Profession of Leaf Chasing](#) Mitchell J. Rycus 2010 In the late nineteenth century Austro-Hungarian Empire, two Jewish astronomy professors work tirelessly to unearth new academic research for their chosen field. But their participation in adultery, deception, and murder will follow them throughout time, weaving a complicated web into future generations, and setting the stage for the age-old question, Are the sins of the fathers visited upon the sons? Years later, the professors' families having immigrated to Cleveland, Ohio, the old axiom comes to a strange and chilling climax. The grandsons of the astronomers supposedly influenced by ancient Jewish mysticism are murdered one allegedly at

the hands of the other. Detective Sergeant Marty Kowalski investigates the murders, with the assistance of an astronomy professor and two of her students from the University of Michigan. Spending considerable time and meticulous effort, Kowalski slowly unravels the complicated past behind the two victims and unearths a shattering truth that will leave both families reeling. A fascinating blend of philosophy, history, and religion, *The Noble Profession of Leaf Chasing* delivers a compelling read.

The Trembling of a Leaf William Somerset Maugham 2008 In 1916, William Somerset Maugham (1874-1965) travelled to the Pacific to research his novel "The Moon and Sixpence," based on the life of Paul Gauguin. This was the first of those journeys through the late-Imperial world of the 1920s and 1930s which were to establish Maugham forever in the popular imagination as the chronicler of the last days of colonialism in India, Southeast Asia, China and the Pacific, although the books on which this reputation rests represent only a fraction of his output.---Maugham reused elements of his

Pacific diaries in "The Trembling of a Leaf" (1921), which contains one of his most recognized stories, "Rain," adapted to the stage by John Colton and Clemence Randolph in 1922.

[The Trembling of a Leaf: Stories of the South Sea Islands](#) W. Somerset Maugham 2015-09-16 Life in the South Pacific Colonial Islands "The tragedy of love is not death or separation. How long do you think it would have been before one or other of them ceased to care? Oh, it is dreadfully bitter to look at a woman whom you have loved with all your heart and soul, so that you felt you could not bear to let her out of your sight, and realize that you would not mind if you never saw her again. The tragedy of love is indifference." - W. Somerset Maugham, *The Trembling of a Leaf* Spy for the British Empire, W. Somerset Maugham traveled many times to South Pacific and the Far East. There, he started creating series of short stories about the life of the colonialists and how the remoteness and strangeness of such far-away lands can ultimately destroy the very soul of the civilized man.
