guest

gladly stopped but the necessities of the practicing lawyer and the precedent of previous editions seemed to call for a summary of the law of stamps; and this I have accordingly added in a separate book, which the student, who will find in it little to reward him, can avoid. Although I have endeavored, in the manner above stated, to throw the work, so far as its principal divisions are concerned, into a somewhat more systematic and logical form, i cannot flatter myself that I have carried out my design into all the details of the work. Such a task would have required far more leisure than I have been able to find in the short interval which has elapsed since the last edition, which is now exhausted, was published. Some little I have done, and more i hope to do, if I am permitted to revise another edition; but I must trust to the indulgence of the profession to excuse

many defects of which I am painfully conscious. The reader will notice that the type has been enlarged, and that the Index is no longer printed in double columns, an alteration which will be found considerably to increase the facility of using it, as it admits of easier distinction of the subjects falling under each head by variations of the marginal spaces. The head-notes of the different chapters, which, being printed in double columns and without refer ence to the pages, were quite useless, have been omitted. A Treatise on the Law of Public Offices and Officers Floyd Russell Mechem 1890

A Treatise on the Law of Identification George Emrick Harris 1892

A Treatise on the Law of Evidence John Pitt Taylor 1878

A Treatise on the Law of Torts, Or the Wrongs which Arise Independently of Contract Thomas M Cooley 2019-09-10 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So

that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

A Treatise of Legal Philosophy and General Jurisprudence Enrico Pattaro 2015-12-04 *A Treatise of Legal Philosophy and General Jurisprudence* is the first-ever multivolume treatment of the issues in legal philosophy and general jurisprudence, from both a theoretical and a historical perspective. The work is aimed at jurists as well as legal and practical philosophers. Edited by the renowned theorist Enrico Pattaro and his team, this book is a classical reference work that would be of great interest to legal and practical philosophers as well as to jurists and legal scholar at all levels. The work is divided in two parts.

The theoretical part (published in 2005), consisting of five volumes, covers the main topics of the contemporary debate; the historical part, consisting of six volumes (Volumes 6–8 published in 2007; Volumes 9 and 10, published in 2009; Volume 11 published in 2011 and Volume 12 forthcoming in 2015), accounts for the development of legal thought from ancient Greek times through the twentieth century. The entire set will be completed with an index. Volume 12 Legal Philosophy in the Twentieth Century: The Civil Law World Volume 12 of A Treatise of Legal Philosophy and General Jurisprudence, titled Legal Philosophy in the Twentieth Century: The Civil-Law World, functions as a complement to Gerald Postema's volume 11 (titled Legal Philosophy in the Twentieth Century: The Common Law World), and it offers the first comprehensive

account of the complex development that legal philosophy has undergone in continental Europe and Latin America since 1900. In this volume, leading international scholars from the different language areas making up the civil-law world give an account of the way legal philosophy has evolved in these areas in the 20th century, the outcome being an overall mosaic of civil-law legal philosophy in this arc of time. Further, specialists in the field describe the development that legal philosophy has undergone in the 20th century by focusing on three of its main subjects—namely, legal positivism, natural-law theory, and the theory of legal reasoning—and discussing the different conceptions that have been put forward under these labels. The layout of the volume is meant to frame historical analysis with a view to the contemporary theoretical debate, thus completing the Treatise in keeping with its

overall methodological aim, namely, that of combining history and theory as a necessary means by which to provide a comprehensive account of jurisprudential thinking.

A Treatise on the Law of Obligations, Or

Contracts Robert Joseph Pothier 1806

The Treatise on Law

Thomas Aquinas
1993-05-31 In this translation of Saint Thomas Aquinas's The Treatise on Law, R. J. Henle, S.J., a well-known authority on philosophy and jurisprudence, fluently and accurately presents the Latin and English translation of this important work. Henle provides the necessary background for an informed reading of the Treatise, as well as the only in-depth commentary available in English on this text. The first section of the book contains an introduction to St. Thomas's life, work, writings, and jurisprudence. Henle discusses the structure

of St. Thomas's magnum opus, Summa Theologiae, from which The Treatise on Law is excerpted. A brief section is included on Scholastic philosophy and also on St. Thomas's approach to the study of law. Henle then examines Thomas's definition of a law and the general doctrinal background for the Treatise. Finally Henle explores St. Thomas's sources, including his use of auctoritates, or authoritative quotations drawn primarily from the Bible, Aristotle, St. Augustine, and St. Isidore of Seville. The second part of the book contains the Latin text of the Treatise presented unit by unit, each followed by the English translation and, when appropriate, by a comment. The Treatise on Law will be of interest to law students, lawyers, judges, and legal scholars. It will also appeal to those interested in St. Thomas's legal philosophy, such as political scientists, theoretical

sociologists, and cultural historians. For philosophers, especially beginners in medieval philosophy, it serves as a good introduction to the thought of St.

Thomas.

A Treatise on the Law of Choses in Action John

James Kehoe 2015-07-09
Excerpt from A Treatise on the Law of Choses in Action: Together With an Appendix of Forms and Statutes In the initial tentative steps which were taken towards a fusion of Law and Equity, one of the earliest subjects dealt with was that of choses in action; and amid all the efforts which have been made, none has been more successful. The doctrines of Equity and Common Law have been assimilated in the highest degree, where, before, the divergence was very wide, and we now have choses in action as freely assignable at law, as they are in equity. The result of this assimilation is, that a greater activity is displayed in the

assignment of debts, etc., since a debt is generally speaking, as easily recoverable in the hands of an assignee as if it remained in the hands of the original owner. As an evidence of the increase of transactions in assignments of choses in action, it may be mentioned that during the last four years more cases have appeared in our reports under this head, than appeared before that time. This important subject, however, has remained without a commentator, as no work has anywhere appeared treating of it. To supply the want of such a work, I have undertaken this Manual. In so doing, I look with confidence for the generous criticism of the profession. Besides being a subject, on which no other work than this has appeared, it is one of some difficulty. "The law upon this subject is brought to such an exquisite degree of refinement, that it is by no means easy to understand it," is what

was said by Lord Justice Brett in *Field v. Mesmer* (L. R. 4 C. P., 664).

**A Treatise on the Law of
the Contract of Pledge
as Governed by Both the
Common Law and the Civil
Law** Henry Denis

2015-06-25 Excerpt from
A Treatise on the Law of
the Contract of Pledge
as Governed by Both the
Common Law and the Civil
Law I would not have
thought of writing at
this late day a book on
the Contract of Pledge
of the Common Law
exclusively. Several
treatises have already
been published on that
subject. Text-books,
besides, are too often
mere repetitions of one
another. My object in
this work is to arrive
at a better knowledge
and understanding of the
law of Pledge of the
Common Law by comparing
it with the law of
Pledge of the Civil Law,
from which it descends.
The comparative study of
scientific subjects is
always profitable,
whether it is that of
comparative anatomy or
that of comparative
jurisprudence. Both
Judge Story and Mr.
Schouler in their
Treatises on Pledges
recognized the relative
obscurity and
uncertainty of the
Common Law on that
subject, and suggested

that assistance could be derived for its better understanding from the knowledge of the Civil Law. This is my reason, and, if necessary, my excuse, for presenting this book to the consideration of the Bench and Bar of this country. A Treatise of the Laws of Nature Richard

Cumberland 1727

A Treatise of the Law of Partnership William Watson (Barrister at law) 1794

A Treatise on the Law and Gospel John

Colquhoun 1819 "The

subject of this treatise," writes Colquhoun, "is in the highest degree, important and interesting, both to saints and to sinners. To know it

experimentally, is to "be wise unto salvation;" and to live habitually under the influence of it, is to be at once holy and happy. To have spiritual and distinct views of it, is the way to be kept from verging towards self-righteousness, on the

one hand, and licentiousness, on the other; and to be enabled to assert, the absolute freeness of sovereign grace, and at the same time, the sacred interests of true holiness. Without an experimental knowledge, and an unfeigned faith, of the law and the gospel, a man can neither venerate the authority of the one, nor esteem the grace of the other." This classic is organized as follows: Introduction Chapter I. Of the Law of God in General Chapter II. Of the Law of God as Promulgated to the Israelites From Mount Sinai Chapter III. Of the Properties of the Moral Law Chapter IV. The Rules for Understanding Aright the Ten Commandments Chapter V. Of the Gospel of Christ Chapter VI. Of the Uses of the Gospel, and of the Law in Subservience to the Gospel Chapter VII. Of the Difference Between the Law and the Gospel Chapter VIII. Of the Agreement Between the

Law and the Gospel
Chapter IX. Of the
Establishment of the Law
by the Gospel Chapter X.
Of the Believer's
Privilege of Being Dead
to the Law as a Covenant
of Works, With a Highly
Important Consequence of
It Chapter XI. Of the
High Obligations Under
Which Believers Lie, to
Yield Even Perfect
Obedience to the Law as
a Rule of Life Chapter
XII. Of the Nature,
Necessity, and Desert of
Good Works To the Reader

Space Law Francis Lyall 2016-04-01 The opening of space to exploration and use has had profound effects on society.

Remote sensing by satellite has improved meteorology, land use and the monitoring of the environment. Satellite television immediately informs us visually of events in formerly remote locations, as well as providing many entertainment channels. World telecommunication facilities have been revolutionised. Global positioning has improved transport. This book examines the varied elements of public law that lie behind and regulate the use of space. It also makes suggestions for the development and improvement of the law, particularly as private enterprise plays an increasing role in space.

The Concealed Influence of Custom Jay L.

Garfield 2019-04-01 Jay

L. Garfield defends two

exegetical theses

regarding Hume's

Treatise on Human

Nature. The first is

that Book II is the

theoretical foundation

of the Treatise. Second,

Garfield argues that we

cannot understand Hume's

project without an

appreciation of his own

understanding of custom,

and in particular,

without an appreciation

of the grounding of his

thought about custom in

the legal theory and

debates of his time.

Custom is the source of

Hume's thoughts about

normativity, not only in

ethics and in political

theory, but also in

epistemological, linguistics, and scientific practice- and is the source of his insight that our psychological and social natures are so inextricably linked. The centrality of custom and the link between the psychological and the social are closely connected, which is why Garfield begins with Book II. There are four interpretative perspectives at work in this volume: one is a naturalistic skeptical interpretation of Hume's Treatise; a second is the foregrounding of Book II of the Treatise as foundational for Books I and III. A third is the consideration of the Treatise in relation to Hume's philosophical antecedents (particularly Sextus, Bayle, Hutcheson, Shaftesbury, and Mandeville), as well as eighteenth century debates about the status of customary law, with one eye on its sequellae in the work of Kant, the later Wittgenstein, and in contemporary

cognitive science. The fourth is the Buddhist tradition in which many of the ideas Hume develops are anticipated and articulated in somewhat different ways. Garfield presents Hume as a naturalist, a skeptic and as, above all, a communitarian. In offering this interpretation, he provides an understanding of the text as a whole in the context of the literature to which it responded, and in the context of the literature it inspired.

A Treatise of the Law of Waters Humphry William Woolrych 1853

A Treatise on the Law of Mortgages, Vol. 1 (Classic Reprint) J. J. Powell 2017-11-30

Excerpt from A Treatise on the Law of Mortgages, Vol. 1 To the Student this work was originally ad dressed; but the subsequent editions have rendered it pre-eminently useful to the practical Lawyer, in discovering to him parallel cases, and in furnishing him with a

systematic body of law on a subject of very frequent recurrence. In short, the high reputation of the original Work renders it an indispensable part of every Lawyer's Library. It was the scarcity of so valuable a Treatise, that induced the Editor to undertake the task of preparing a new edition for the press and be conceived that by adding the subsequent decisions and other practical information, he should be forwarding the design of the learned Author. The Editor's Object has been to make the present edition of Mr. Powell's Work a comprehensive digest of the theory and practice of Conveyancing, with reference to Mortgage securities.
