APC Understanding ISC Mathematics - Class 12 - Sections - A, B & C - Avichal Publishing Company M.L. Aggarwal Understanding ISC Mathematics, for class 12 - sections A, B & C, has been written by Mr. M.L. Aggarwal (Former Head of P.G. Department of Mathematics, D.A.V. College, Jalandhar) strictly according to the new syllabus prescribed by the Council for the Indian School Certificate Examinations, New Delhi in the year 2015 and onwards for students of class 12. A new feature - Typical Illustrative Examples and Typical Problems, has been added in some chapters for those students who want to attempt some more challenging problems. The entire matter in the book is given in a logical sequence so as to develop and strengthen the concepts of the students.

Mathematics for M.B.A (fully Solved) Agarwala R S 1997

NCERT Solutions - Social Science for Class 10th Gajendra Singh 2014-01-01 Keeping in mind the immense importance and significance of the NCERT Textbooks for a student, Arihant has come up with a unique book containing only and all Question-Answers of NCERT Textbook based questions. This book has been designed for the students studying in Class X following the NCERT Textbook of Social Science. The present book has been divided into two parts according to the syllabi of Social Science Term I and Term II, further divided into History, Geography, Political Science and Economics sections. This book has been worked out with an aim of overall development of the students in such a way that it will help students define the way how to write the answers of the textbook based questions. This book has answer to each & every question covered in the chapters of the textbook for Class X Social Science. Also each chapter in the book begins with a summary of the chapter which will help in effective understanding of the theme of the chapter and to make sure that the students will be able to answer all popular questions concerned to a particular chapter whether it is Long Answer Type or Short Answer Type Question. The curriculum for Disaster Management has been covered at the end of the book with necessary theoretical content and solved textbook questions. The book has been designed systematically in the simplest manner for easy comprehension of the chapters and their themes. As the book has been designed strictly according to the NCERT Textbook of Social Science for Class X and provides a thorough and complete coverage of the textbook based questions, it for sure will help the Class X students in an effective way for Social Science.

Low-fee Private Schooling Prachi Srivastava 2013-05-13 Low-fee private schooling represents a point of heated debate in the international policy context of Education for All and the Millennium Development Goals. While on the one hand there is an increased push for free and universal access with assumed State responsibility, reports on the mushrooming of private schools targeting socially and economically disadvantaged groups in a range of developing countries, particularly across Africa and Asia, have emerged over the last decade. Low-fee private schooling has, thus, become a provocative and illuminating area of research and policy interest on the impacts of privatisation and its different forms in developing countries. This edited volume aims to add to the growing literature on low-fee private schooling by presenting seven studies in five countries (Ghana, India, Kenya, Nigeria and Pakistan), and is bookended by chapters analysing some of the evidence and debates on the topic thus far. The book presents research findings from studies across three levels of analysis that have proven relevant in the study of low-fee private schooling: the household, school and state. Chapters address household schooling choice behaviours regarding low-fee private and competing sectors; the management, operation and relative quality of low-fee private schools; and changes to the regulatory frameworks governing low-fee private schools, and the impact of low-fee private schools on those frameworks. The book does not seek to provide definitive answers since, as an emerging and evolving area of study, this would be premature. Instead, it aims to call attention to the need for further systematic research on low-fee private schooling, and to open up the debate by presenting studies that use a range of methods and, owing to the context specificity of the issue, draw different conclusions. The hope is that these studies may serve as springboards to further research. Finally, the book does not aim to snuff out the political and vociferous debate surrounding low-fee private schooling and private provision more broadly, or to erase the complications that abound in conducting research in this area, but to engage with them. The hope is that as the 2015 target date for Education for All and Millennium Development Goals approaches, this book may help us get closer to answering the question: do low-fee private schools aggravate equity or mitigate disadvantage?

Mathematics Enrichment Lab Activities 10 S. N. Sharma 2020-04-01 Goyal Brothers Prakashan

Lab Manual Science Class 09 Neena Sinha, R.Rangarajan, Rajesh Kumar These Lab Manuals provide complete information on all the experiments listed in the latest CBSE syllabus. Questions in the form of Fill in the Blanks, True/False statements and Multiple Choice Questions have been given under the heading 'Mental Maths'. Some Value Based Questions have also been included to impart values among students. In addition to normal questions, some Higher Order Thinking Skills (HOTS) questions have been given to enhance the analytical thinking of the students. Each chapter is followed by a Summary which recapitulates the new terms, concepts and results.

Themes in World History Indien National Council of Educational Research and Training 2006

Biotechnological Applications of Microorganisms D. K. Maheshwari 2006-01-01 A large number of microbes have been exploited commercially in multifarious areas such as production of industrially viable products, organic chemicals, pharmaceuticals, recovery of metals, improvement and maintenance of environmental quality, and pest control. The book embodies twenty review articles contributed by the subject experts from India, Japan and South Korea. The articles fall under the three categories; agriculture microbiology, industrial microbiology, and bioremediation. The Psychrophiles hold many biological secrets such as biochemical limits to macromolecular stability and the blueprints for constructing stable macromolecules. Lactic acid bacteria known for their role in fermentation, economics, and systematics have been dealt with in great detail. Biotechnological applications of pectinases in general and alkaline pectinases in particular play a significant role in industries. Production, characteristics and applications of microbial alkaline pectinolytic enzymes have been elaborated. Nowadays, semi-synthetic ergot alkaloids are widely used as a potential therapeutic agent. Microbial production of glucans, functional organisation and their industrial significance have been systematically reviewed. Bioactive exopolysaccharides production from mushrooms have gained importance in recent years. Production and characterisation of exopolysaccharides and conversion of unsaturated fatty acids into value-added hydroxyl fatty acids by using microorganisms is being done in a wide range of industrial products. Enhancing the microbial production of 1,3-propanediol and its application highlights the commercial exploitation of potential microorganisms. Aldehyde and organic acid production by using oxydases and their derivatives have been advantageous for industries.

arya-publications-lab-manual-science-class-10

Some chapters are devoted to the potential entomopathogenic fungi for management of pests, biotechnological applications of fusaria, microbial metabolite-mediated biocontrol of soil-borne plant pathogens, bioremediation of heavy metals, organochlorine and organophosphate pesticides. Although bio-inoculants are eco-friendly and are being used too but reviewers have emphasized the constraints in commercial bio-inoculant production and their quality assurance.

Comprehensive Practical Chemistry XII Dr. N . K. Verma 2011-11-01

Business Studies Class-12 Poonam Gandhi (Session 2021-22) Examination Poonam Gandhi 2021-07-03 The book has been designed topic and subtopic-wise, keeping the students' needs in mind. The current edition has certain unique features: This book is strictly as per the latest CBSE syllabus and covers complete matter as per the NCERT book. After every topic, objective type questions and case studies are given based on the latest CBSE Sample Paper (2020). (Hints of their answers are given at the end of each chapter.) At the end of each chapter, 40 objective type questions (20 MCQs + 10 Fill in the blanks + 10 True/False) are given along with answers at the end. Keywords of each topic are given at the end of each topic, to help students to solve case studies. A flow chart of each chapter is given at the end to recap the topics covered in that chapter. Quick revision is given to revise all the topics in short time. At the end of each chapter, questions asked in last 7 years' board exam are given, so that the student may get an idea of what types of questions are expected from this chapter. (Hints of answers of these questions are also given). Case Studies are framed by using words strictly from the NCERT. A solved sample paper of CBSE 2020 is also given. Guidelines for project are also given. A sample project on Marketing Management is also given. The Subject Matter is presented in simple language, in points, and along with diagrams, so that the student may find it easy to understand.

Science and Hypothesis Henri Poincaré 2012-08-21 Nontechnical essays on hypothesis in physical theory, concept of number, magnitude, force, intuition vs. logic, more. Chapters include "On the Nature of Mathematical Reasoning," "Mathematical Magnitude and Experiment," and "The Calculus of Probabilities."

A COMPLETE GUIDE TO M.C.Q.SCIENCE Er. SAJAL KUMAR GHOSH 2018-06-01 A Complete Guide to M.C.Q for Class X has been written in accordance with the latest syllabus of Science prescribed by the Central Board of Secondary Education (CBSE), New Delhi. The present book will help you to self-understand the subject in a better way. Unique features of this book : 1. About 1200 Q & A. 2. Written in very simple, easy to understand student friendly language. 3. All chapters of science book are covered. 4. All questions are made at par with CBSE question standard. 5. Every question has four options and they are very informative though only one will be the correct answer. 6. All questions are answered at last of each chapter. 7. Every answer is explained in detail. 8. Other than correct answer all other options are also discussed to understand why they are not the correct option for that question. 9. The answer is written in a comprehensive style in most cases with well-illustrated and labeled diagrams where ever it was required. I hope this book will prove very useful to the students and teachers. Suggestions and constructive criticism for the further improvement of the book would be gratefully acknowledged and should incorporate in coming editions.
