Narrative and Dramatic Sources of Shakespeare: Earlier English history plays: Henry VI. Richard III. Richard II Geoffrey Bullough 1975 Shakespeare's writing is filled with ideas, images, plots and characters borrowed or interpreted from other dramatists and poets. This work gathers together the sources and traces the relationship of these texts to Shakespeare's dramatic and poetic works. Whole texts are included wherever possible, and significant extracts provided from longer works such as Ovid's Metamorphoses. Since many of the reprinted texts are based on the Elizabethan editions highly regarded at that time, this collection also serves as a valuable anthology of prose and verse. A critical introduction to the sources of each of the plays explains the significance of the reprinted texts, and appraises the influence each had on Shakespeare's writings. Each volume in the series contains a selective bibliography. The Narrative and Dramatic Sources is an essential resource for all scholars of Shakespeare and Elizabethan literature.

[Shakespeare and the Classical Tradition](#) Lewis Walker 2019-05-24 This bibliography will give comprehensive coverage to published commentary in English on Shakespeare and the Classical Tradition during the period from 1961-1985. Doctoral dissertations will also be included. Each entry will provide a clear and detailed summary of an item's contents. For pomes and plays based directly on classical sources like Antony and Cleopatra and The Rape of Lucrece, virtually all significant scholarly work during the period covered will be annotated. For other works such as Hamlet, any scholarship that deals with classical connotations will be annotated. Any other bibliographies used in the compiling of this volume will be described with emphasis on their value to a student of Shakespeare and the Classics.

David Ruiter 2020-11-26 The Arden Research

Handbook of Shakespeare and Social Justice is a wide-ranging, authoritative guide to research on Shakespeare and issues of social justice and arts activism by an international team of leading scholars, directors, arts activists, and educators. Across four sections it explores the relevance and responsibility of art to the real world ? to the significant teaching and learning, performance and practice, theory and economies that not only expand the discussion of literature and theatre, but also open the gates of engagement between the life of the mind and lived experience. The collection draws from noted scholars, writers and practitioners from around the globe to assert the power of art to question, disrupt and re-invigorate both the ties that bind and the barriers that divide us. A series of interviews with theatre practitioners and scholars opens the volume, establishing an initial portfolio of areas for research, exploration, and change. In Section 2 'The Practice of Shakespeare and Social Justice' contributors examine Shakespeare's place and possibilities in intervening on issues of race, class, gender and sexuality. Section 3 'The Performance of Shakespeare and Social Justice' traces Shakespeare and social justice in multiple global contexts; engaging productions grounded in the politics of Mexico, India, South Africa, China and aspects of Asian politics broadly, this section illuminates the burgeoning field of global production while keeping as a priority the political structures that make advocacy and resistance possible. The last section on 'Economies of Shakespeare' describes socio-economic and community issues that come to light in Shakespeare, and their potential to catalyse ongoing discussion and change in respect to wealth, distribution, equity, and humanity. An annotated bibliography provides further guidance to those researching the subject.

[Shakespeare's Books](#) Stuart Gillespie 2016-02-25 Shakespeare's Books contains nearly 200 entries covering the full range of literature Shakespeare was acquainted with, including classical, historical, religious and contemporary works. The dictionary covers works whose importance to Shakespeare has emerged more clearly in recent years due to new research, as well as explaining current thinking on long-recognized sources such as Plutarch, Ovid, Holinshed, Ariosto and Montaigne. Entries for all major sources include surveys of the writer's place in Shakespeare's time, detailed discussion of their relation to his work, and full bibliography. These are enhanced by sample passages from early modern England writers, together with reproductions of pages from the original texts. Now available in paperback with a new preface bringing the book up to date, this is an invaluable reference tool.

[Shakespeare and the Political Way](#) Elizabeth Frazer 2020-08-30 Studies of Shakespeare and politics often ask the question whether his dramas are on the side of aristocratic or monarchical sovereign authority, or are on the side of those who resist; whether he endorses a standard view of male and patriarchal authority, or whether his cross-dressing heroines put him among feminist thinkers. Scholars also show that Shakespeare's representations of rule, revolt, and arguments about laws and constitutions draw on and allude to stories and real events that were contemporaneous for him, as well as historical ones. Building on scholarship about Shakespeare and politics, this book argues that Shakespeare's representations and stagings of political power, sovereignty, resistance, and controversy are more complex. The merits of political life, as opposed to life governed by monetary exchange, religious truth, supernatural power, military heroism, or interpersonal love, are rehearsed in the plots. And the clashing and contradictory meanings of politics — its association with free truthful speech but also with dishonest hypocrisy, with open action and argument as much as occult behind the scenes manoevring — are dramatized by him, to show that although violence, lies, and authoritarianism do often win out in the world there is another kind of politics, and a political way that we would do well to follow when we can. The book offers original readings of the characters and plots of Shakespeare's dramas in order to illustrate the subtlety of his pictures of political power, how it works, and what is wrong and right with it.
