The Scarlet Pimpernel Illustrated Baroness Orczy 2021-08-23 The Scarlet Pimpernel is the first novel in a series of historical fiction by Baroness Orczy, published in 1905. It was written after her stage play of the same title enjoyed a long run in London, having opened in Nottingham in 1903. The novel is set during the Reign of Terror following the start of the French Revolution. The title is the nom de guerre of its hero and protagonist, a chivalrous Englishman who rescues aristocrats before they are sent to the guillotine. Sir Percy Blakeney leads a double life: apparently nothing more than a wealthy fop, but in reality a formidable swordsman and a quick-thinking escape artist. The band of gentlemen who assist him are the only ones who know of his secret identity. He is known by his symbol, a simple flower, the scarlet pimpernel (*Anagallis arvensis*). Marguerite Blakeney, his French wife, does not share his secret. She is approached by

the new French envoy to England, Chauvelin, with a threat to her brother's life if she does not aid in the search for the Pimpernel. She aids him, and then discovers that the Pimpernel is also very dear to her. She sails to France to stop the envoy.

Disabling Characters Patricia A. Dunn 2015 <lt>Disabling Characters provides detailed analyses of selected young adult (YA) novels and short stories. It looks at the relative agency of the disabled character, the behavior of the other characters, the environment in which the character must live, the assumptions that seem to be underlying certain scenes, and the extent to which the book challenges or perpetuates an unsatisfactory status quo. Class discussions about disability-themed literature, however well intentioned, have the potential to reinforce harmful myths or stereotypes about disability. In contrast, discussions informed by a critical disability studies perspective can help readers develop more sophisticated views of disability and contribute to a more just and inclusive society. The book examines discussion questions, lesson plans, study guides, and other supplemental materials aimed at students studying these texts, and it suggests more critical questions to pose about these texts and the positive and/or negative work they do, perhaps subliminally, in our culture. This book is a much-needed addition to college classes in YA literature, literary analysis, methods of teaching literature, disability studies, cultural studies, contemporary criticism, special education, and adolescent literacy.

The Better Writing Breakthrough Eleanor Dougherty 2016-03-04 Every teacher knows the challenge of trying to engage reluctant readers and struggling writers—students whose typical response to a writing prompt is a few sentence fragments scribbled on a sheet of paper followed by an elaborate shrug of the shoulders. The best way to engage less confident readers and writers is to give them something powerful to think about. The Discourse and Writing Cycle explores writing as a means to focus student thinking, fuel deeper learning, and build complex understanding in English, social studies, math, and science. This field-tested approach from well-respected experts Eleanor Dougherty, Laura Billings, and Terry Roberts is designed for use in grades 4–12. The book explores the three interrelated sequences of the cycle—the Discourse Sequence, the Transition to Writing Sequence, and the Writing Sequence—and includes classroom examples and sample lesson plans from across the content areas. The cycle will inspire you as a teacher and help you to inspire your students to write with confidence and competence. “How often we dim or extinguish the creative sparks that can come from good writing! William Butler Yeats proclaimed that ‘Education is not the filling of a pail, but the lighting of a fire.’ This book lights the fire for the teaching of writing.” —John Hattie, author of the Visible Learning books

Transforming Talk into Text Thomas M. McCann 2014-08-08 Author Thomas McCann invites readers to rethink their approach to teaching writing by capitalizing on students' instinctive desire to talk. Drawing on extensive classroom research, he shows teachers how to craft class discussions that build students' skills of analysis, problem-solving, and argumentation as a means of improving student writing. McCann demonstrates how authentic discussions immerse learners in practices that become important when they write. Chapters feature portraits of teachers at work, including transcripts that reveal patterns of talk across a set of lessons. Interviews with the teachers and samples of student writing afford readers a deeper understanding of process. Students also report on how classroom discussions supported their effort to produce persuasive, argument-driven essays.

The Judas Child Carol O'Connell 2010-06-01 It is three days before Christmas, and two young girls have disappeared from the local academy. This hasn't happened for fifteen years, since Rouge Kendall's twin sister was murdered. The killer was found, but now Rouge, twenty-five and a policeman, is forced to wonder: Was he really the one? Also wondering is a former classmate named Ali Cray, a forensic psychologist with scars of her own. The pattern is the same, she says: a child called out to meet a friend. The friend is the bait, the Judas child, and is quickly killed. But the primary victim lives longer...until Christmas Day. Rouge doesn't want to hear this. He's spent the last fifteen years trying to avoid the memories: drinking alone, lying low, washing out of school and a promising first career. Now he might abandon law enforcement too—but something won't let him, not yet. A little girl has haunted his dreams all these years—and he has three days finally to put her to rest.

17,000 Classroom Visits Can't Be Wrong
John V. Antonetti 2015-02-20 "Most educators are skilled at planning instruction and determining what they will do during the course of a lesson. However, to truly engage students in worthwhile, rigorous cognition, a profound shift is necessary: a shift in emphasis from teaching to learning. Put another way, we know that whoever is doing the work is also doing the learning—and in most classrooms, teachers are working much too hard. Authors John V. Antonetti and James R. Garver

are the designers of the Look 2 Learning model of classroom walkthroughs. They've visited more than 17,000 classrooms—examining a variety of teaching and learning conditions, talking to students, examining their work, and determining their levels of thinking and engagement. From this vast set of data, they've drawn salient lessons that provide valuable insight into how to smooth the transition from simply planning instruction to designing high-quality student work. The lessons John and Jim have learned from their 17,000 (and counting) classroom visits can't be wrong. They share those lessons in this book, along with stories of successful practice and practical tools ready for immediate classroom application. The authors also provide opportunities for reflection and closure designed to help you consider (or reconsider) your current beliefs and practices. Throughout, you will hear the voices of John and Jim—and the thousands of students they met—as they provide a map for shifting the classroom dynamic from teaching to learning."

Arranged Marriage Chitra Banerjee Divakaruni
2009-09-15 Although Chitra Divakaruni's poetry has won praise and awards for many years, it is her "luminous, exquisitely crafted prose" (Ms.) that is quickly making her one of the brightest rising stars in the changing face of American literature. Arranged Marriage, her first collection of stories, spent five weeks on the San Francisco Chronicle bestseller list and garnered critical acclaim that would have been extraordinary for even a more established author. For the young girls and women brought to life in these stories, the possibility of change, of starting anew, is both as terrifying and filled with promise as the ocean that separates them from their homes in India. From the story of a young bride whose

fairy-tale vision of California is shattered when her husband is murdered and she must face the future on her own, to a proud middle-aged divorced woman determined to succeed in San Francisco, Divakaruni's award-winning poetry fuses here with prose for the first time to create eleven devastating portraits of women on the verge of an unforgettable transformation.
